POLICY NO: BK-995836294

INSURED: TESTER QA

RATE CLASS: MALE , 31 YEARS , GOLD, NON-SMOKER

Your contract is composed of this policy, the application, the insurability questionnaire and any policy rider or notice of change annexed to this policy.

Please read your contract carefully, including this policy, the application and insurability questionnaire and validate the answers given therein. If the answers do not reflect your statement or are inaccurate, you must notify the Insurer accordingly within thirty (30) days following the delivery of the policy. Failure to notify the Insurer of any inaccuracy or erroneous statement can render the contract void.

Subject to the provisions and riders of the policy, the Insurer will pay the benefits listed below when a covered event occurs.

Should the Insurer receive a request to cancel the contract or a stop-payment order on any premium due, all obligations of the Insurer under the contract terminate immediately as of the date such is received.

Part A – Definitions

When used in this *Policy*, the terms listed below mean:

Accident (or Accidental): an event that occurs while the *Policy* is in force and whose cause is external, violent, sudden, fortuitous and beyond the Life Insured's control. If an *Accident* results in a loss that first appears over ninety (90) days after the *Accident*, that loss is considered to be the result of *Sickness*.

Beneficiary: a natural or legal person designated by the *Policyowner*, in any written notice filed with the *Insurer*, as being entitled to receive benefits under this *Policy*.

Care of a Physician: regular and personal care that is provided by a *Physician* and that, based on current medical standards, is appropriate for the condition underlying the Life Insured's *Disability*.

Injury: bodily Injury resulting directly or indirectly from an *Accident* sustained by the *Life Insured* and independently of any *Sickness* or other cause, while the *Policy* is in force.

Life Insured: The person designated as such in the application.

Insurer: Humania Assurance Inc., whose head office is located at 1555 Girouard Street West, Saint-Hyacinthe, Quebec, J2S 2Z6.

Non-Smoker: a person who has not used tobacco in any form whatsoever, including nicotine substitutes, nicotine products, in the twelve (12) months before signing the application for insurance or reinstatement.

Physician: any person legally authorized to practice medicine in Canada within the scope of his or her medical degree (M.D.), and who does not have a family or business relationship with the Life Insured or the *Policyowner*.

Policy: the present contract, the application for this *Policy*, any application for reinstatement and any written request for change to the contract.

Policyowner: the person who owns this, *Policy*.

Risk Class: the characteristics of the Life Insured that determine the premium rate for a coverage. Risk Classes are based on the Life Insured's gender, age, tobacco use and health.

Sickness: a deterioration of health or a disorder of the body confirmed by a *Physician*, that is not caused by an *Injury* and whose first symptoms appear while this *Policy* is in force.

Part B – Life Insurance Coverage
Renewable to age 80
Convertible to age 70

Benefits

In the event of the Life Insured's death, the Insurer will pay to the Beneficiary, while this Policy is in force, the lump sum death benefit indicated in the Schedule of Benefits up to a maximum of \$100,000 subject to the limitations and exclusions of the Policy.

If, by mistake, the aggregate amount of insurance selected should exceed \$100,000 Humania Assurance will pay a maximum amount of \$100,000 cancel the contracts in excess of this amount, and refund the portion of the overpayments made.

Premium

The premium for this coverage is indicated in the **Summary** Schedule of Benefits. **Renewal premiums are indicated in the Renewal Premium Schedule. They are guaranteed for the first ten (10) years of the contract.**

After the first ten (10) years of the contract, the premium amounts to be paid to Blanket Life are not guaranteed. This means that Humania Assurance may modify the payment amount once (1) a year, if necessary. For example, the premium amounts may increase if the number of benefits paid to all clients is higher than the provision used to establish the premium amount.

Whether or not you submit a claim has no direct impact on your new premium amounts. When necessary, adjustments are made for a group of contracts with similar specifications.

Conversion Privilege

While this life insurance coverage under this Policy is in force, the Policyowner may request that such coverage be converted without evidence of the Life Insured's insurability, to a non-participating whole life insurance policy with level premiums as designated by the Insurer.

Conditions related to the Conversion Privilege

The converted benefit cannot exceed the death benefit indicated in the Schedule of Benefits

The Conversion Privilege must be exercised prior to the policy anniversary nearest to the seventieth (70th) birthday of the Life Insured.

The premium for the new *Policy* shall be based on:

- the *Life Insured's* attained age at his or her last birthday;
- the rates in use at the date of the Conversion; and
- the *Risk Class* of this coverage

If this coverage is issued with an extra premium or with limitations or exclusions, the converted coverage will also be issued subject to same conditions.

All additional coverages or benefits will be subject to satisfactory evidence of insurability.

Any application to exercise the Conversion Privilege must be accompanied by the first premium payment.

Termination of coverage

In addition to the terms of this Policy's General Provisions, this Life Insurance coverage terminates at the earliest of the following dates:

- the date a written request from the Policyowner is received by the Insurer, stating that he wishes to terminate this Life Insurance coverage, or the date stipulated in that request, if such date is later than the date of receipt by the Insurer;
- the date at which the entire coverage is converted;
- the date of termination of this coverage, as indicated in the Schedule of Benefits;
- the date on which the Life Insured dies

Part C - General Provisions

Contract

This Policy is issued by the Insurer based on the application for insurance, a copy of which is attached, as well as on any document subsequently submitted to reinstate or change the Policy. No representative is authorized to change this Policy or to render null any of its provisions.

Any change to the Policy or its riders must be signed by an officer of the Insurer.

Effective date

This Policy takes effect on the date the Insurer approves the application, provided the application is approved without change, the first premium has been paid, and no change has occurred in the Life Insured's insurability since the application for insurance or reinstatement was signed.

Premiums

The premium of each coverage is indicated in the Schedule of Benefits.

Method of payment

A grace period of thirty (30) days is granted for payment of each premium except the first. If the premium remains unpaid after the grace period, this Policy lapses, and all insurance coverage terminates.

The Insurer will deduct outstanding premiums from any amount payable.

Exclusions

No death benefit is payable if the Life Insured commits suicide within two (2) years of the effective date of coverage or reinstatement of this Policy, whether he or she is sane or insane.

Age

For the purposes of this Policy, the Life Insured's age is the age attained at his or her last birthday when a coverage is issued. If, mistakenly or otherwise, the age used to calculate the premium is incorrect, any amount payable by the Insurer will be adjusted to reflect the correct age.

Policy and Coverage termination

Unless stipulated otherwise in a given coverage, this Policy and its coverages terminate at the earliest of the following dates:

- the date a written request from the Policyowner is received by the Insurer stating that he wishes to terminate this policy or the date stipulated in that request, if such date is later than the date of receipt by the Insurer;
- the date the grace period for premium payment expires;
- the date of termination of this coverage, as indicated in the Schedule of Benefits;
- the date at which the entire coverage is converted;
- the date the Life Insured dies.

Incontestability

In the absence of fraud, the Insurer cannot cancel or reduce a coverage that has been in force for two (2) years or that was reinstated over two (2) years previous because of misrepresentation or concealment with respect to risk.

Misrepresentation concerning smoking habits

If the premium for this Policy is based on statements in the application for insurance or reinstatement to the effect that the Life Insured is a Non-Smoker and those statements are in fact false, those statements will be considered fraudulent and this Policy will be void from the effective date or reinstatement date. Accordingly, any claim paid by the Insurer must be reimbursed.

Reinstatement

If this Policy terminates because the premium was not paid, it may be reinstated within two (2) years of the date of termination provided the Policyowner requests that it be reinstated, establishes the Life Insured's insurability to the Insurer's satisfaction and pays any outstanding premiums. The periods related to incontestability and suicide apply again as of the date of the last reinstatement.

When the Policy is reinstated within ninety (90) days of the date of cancellation, no proof of insurability is required.

Change of beneficiary

Subject to applicable law, the Policyowner may at any time designate or change a Beneficiary or revoke a Beneficiary designation that is not an irrevocable Beneficiary designation. For a change of Beneficiary to be recognized, the Insurer must receive written notice of that change. The Insurer bears no responsibility with respect to the validity of a Beneficiary designation or any change of Beneficiary.

Participation in the distribution of profits

This Policy is a non-participating Policy, it does not grant any rights to a share of the Insurer's profits.

Notice and proof of claim

All claims must be made in writing and submitted to the Insurer within thirty (30) days of the date of the death of the Life Insured's giving rise to a claim under this Policy.

In the event of the Life Insured's death, the Insurer may, if permitted under applicable law, require an autopsy and any failure to satisfy that request will give the Insurer grounds to refuse payment of the benefit.

The Policyowner and the Beneficiary are required to cooperate fully with the Insurer by providing all the information it may require and by signing any form or other document allowing the Insurer to obtain any information it deems relevant.

The Policyowner or any person entitled to submit a claim must provide the Insurer with all the documents it may require within ninety (90) days of the death of the Life Insured's giving rise to a claim.

In the event of a failure to give notice or provide proof within the stipulated periods, the Policyowner or the Beneficiary, as applicable, shall not be entitled to receive benefits, with respect to the claim in question, for the period prior to the date on which the Insurer actually receives that proof.

The Policyowner must notify the Insurer of any change of address for the purpose of facilitating correspondence and the transmission of any document.

Payment under the policy

Death benefits will be paid to the Beneficiary designated in the application or in any other document subsequently submitted to the Insurer by the Policyowner.

If the Policyowner has not designated a Beneficiary, the death benefit will be payable to the Policyowner or the Policyowner's estate.

Reimbursement

No cheque in reimbursement of premiums will be issued for amounts of less than twenty dollars (\$20).

Legal currency

Any payment under the provisions of this Policy will be made in the legal currency of Canada.

Right to cancel

The Policyowner may cancel this Policy within ten (10) days of the date it was received by the Policyowner or within sixty (60) days after the date the Policy is issued to the Policyowner, whichever is earlier, provided he or she notifies the Insurer in writing of such cancellation and returns the Policy to the Insurer in which case any premium paid for the Policy will be refunded.

Cash Value

This Policy does not have any cash-value.

Compliance with law

Any provision of the Policy that, at the effective date, does not comply with legislation of the province or territory in which the Policy was issued is amended so as to meet the minimum requirements of such legislation.

General provisions

The exclusions, limitations and General Provisions apply to the Policy as well as to all coverages when they are relevant.

Some coverages contains exclusions and limitations specific to those coverages. These exclusions and limitations apply in addition to the exclusions and limitations of the General Provisions.
